PROFESSIONAL SUMMARY

Dedicated and detail-oriented software developer with strong foundations in programming, version control, and agile methodologies. Skilled in backend development, database management, and problem-solving. Proven ability to deliver high-quality solutions through collaboration, continuous learning, and attention to detail.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, JavaScript, C
- **Web Development:** HTML, CSS
- **Databases:** MySQL, Oracle SQL
- **Version Control:** Git
- **Analytics & Reporting:** Power BI (Basic), MS Excel (Advanced), MS PowerPoint
- **Software Development:** Agile, Scrum
- **Tools & Technologies:** React, Node.js, Postman, Bootstrap
- **Core Competencies:** Software Development, Code Reviews, Problem-Solving, Task Management, Technical Documentation, Continuous Learning

PROJECTS

E-commerce Platform Development Jun 2024 – Oct 2024

- Developed a full-stack e-commerce platform using React, Node.js, and MongoDB.
- Implemented user authentication, product listings, and auto-billing features.
- Created Power BI dashboards to track sales and user behaviour trends.

Hotel Management System Jan 2024 – May 2024

- Built a hotel management application using Java and JavaScript with responsive design.
- Ensured robust backend operations with MySQL integration.
- Utilized Python for basic data analysis on customer activity patterns.

EDUCATION

Bachelor of Engineering (Electronics & Communication)

Rajeev Gandhi Memorial College of Engineering and Technology

Jun 2018 – Apr 2022 | CGPA: 6.5/10

Class 12th Sri Chaitanya Junior College

Jun 2016 – Apr 2018 | Percentage: 88.7%

Class 10th - SSC Sri Chaitanya EM High School

Jun 2015 – Apr 2016 | CGPA: 8.0/10

CERTIFICATIONS

- Java Full Stack Development – Jspiders
- SQL Development – Cognizant
- Frontend Technologies – Great Learning

ACHIEVEMENTS

- Best Project Award for final year B.Tech project presentation (2022)
- Mathematics Excellence Award for outstanding academic performance
